MONTE  
restaurant

as an addition to restaurant Monte, 30 meters down the street,  
we opened our old wine cellar for guests.

it is a very intimate and highly exclusive place as it has 5 tables only.

of course we still keep some of our most precious wines in there.

within, we set up a state of the art kitchen in which we create  
one tasting menu based on the 1 X 3 X 6 philosophy.
